

# NIKHIL BHADAURIYA

Python Full-Stack Developer | MERN Stack Developer | SaaS Builder

+91 80773 13959 | nikhilbhadauriya2500@gmail.com | linkedin.com/in/nikhil-bhadauriya-308414321 | Agra, India

## SUMMARY

Python Full-Stack Developer and MERN Stack Developer with hands-on experience building scalable web applications, SaaS products, REST APIs, and database-driven systems. Skilled in React, Node.js, Python, PostgreSQL, MongoDB, and modern frontend technologies. Passionate about software engineering, problem-solving, and building production-ready applications.

## SKILLS

|                                                                                             |                                                                     |
|---------------------------------------------------------------------------------------------|---------------------------------------------------------------------|
|  Frontend  | : HTML5 • CSS3 • JavaScript • TypeScript • Bootstrap • Tailwind CSS |
|  Backend   | : Node.js • Express.js • Django • FastAPI • REST APIs               |
|  Databases | : PostgreSQL • MongoDB • MySQL • Prisma ORM                         |
|  Tools     | : Git • GitHub • VS Code                                            |

## TRAINING / COURSES

- Python Full Stack — DUCAT INSTITUTE
- MERN Full Stack — DUCAT INSTITUTE

## EDUCATION

|                                                                                    |                                                                                          |                               |
